

Model

Model 2.5: $\log(\sigma) = \log(\text{fragment size}) + (\log(\text{fragment size}) \mid \rho \mid \text{Study})$

Model 2.4: $\log(\sigma) = 1 + (1 \mid \rho \mid \text{Study})$

Model 2.3: $\log(\sigma) = \log(\text{fragment size}) + (\log(\text{fragment size}) \mid \text{Study})$

Model 2.2: $\log(\sigma) = 1 + (1 \mid \text{Study})$

Model 2.1: $\sigma \sim 1$
